24 April 2020

Dear Parents and Carers

I would like to thank you for your continued support and encouragement. We recognise the challenge that home learning presents for every family. We also appreciate how difficult it can be as parents are working from home, whilst supporting children with their school work.

We aim to continue to connect and communicate with children and their families. Staff hope to motivate the children to undertake home learning and celebrate their achievements. Staff have worked hard to create resources and material that do not need access to significant amounts of web based materials, and also do not require significant amounts of printed material as we are aware that some families may have limited access to the internet or electronic devices and printers. We are not able to support video conferencing lessons.

At the start of this term, we have been reflecting on the home learning lessons and activities that we have been setting. We would therefore like to ask parents and children to provide us with some valuable feedback on the activities that we have been providing. If you have more than one child at the school, please can you complete a survey for each child.

We would be really grateful if you could complete an online survey by **Thursday 30th April**. The survey seeks your views and will take about 5 minutes to complete. Please click on the link below (the link is also accessible via the school website).
